Section A - Solicitation/Contract Form

SOLICITATION / CONTRACT FORM

Delivery shall be performed in accordance with the terms of **GSA SCHEDULE 70** **TBD** and the terms of this Blanket Purchase Agreement (BPA). The terms of this BPA supplement are in addition to those provided in the underlying Multiple Award Schedule (MAS) contract. Improved warranty terms, delivery times, and additional clauses are used to bring performance into compliance with DoD and Navy terms and conditions.

GENERAL INFORMATION

A-1. This requirement will provide IaaS and PaaS as described in the PWS. The Contractor shall perform in accordance with all terms, conditions, and provisions of its MAS contract unless stated in this Request for Quote (RFQ) and the resultant BPA.

A-2. The services required, as described in the Performance Work Statement (PWS) attached hereto as Attachment No. 1, do include EIT and therefore Section 508 Accessibility Standards 36 CFR Part 1194 are applicable as described in the PWS. The awardee represents that the awarded service solution is Section 508 compliant.

A-3. Quoters are advised that award of task orders resulting from this forthcoming BPA are contingent upon appropriate approvals to proceed with the task order award. No legal liability on the part of the Government for any payment may arise until a task order is awarded by the Procuring Contracting Officer.

A-4. The Government's obligation under any individual task orders is contingent upon the availability of appropriated funds from which payment for task order purposes can be made. (See FAR 52.232-18, Availability of Funds). No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for individual task orders and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer. The Quoter's decision to submit a quote is at their risk. The Government has no obligation to compensate the Quoters for the cost of quote development.

A-5. Solicitation amendments, as well as any Organizational Conflict of Interest Mitigation Plan approved by the PCO, will be incorporated by reference and made a part of the applicable BPA or individual task orders. Quote documentation will only be incorporated by reference into the Order, in whole or in part, if the Ordering PCO elects to do so.

A-6. Work performed under this BPA constitutes professional, non-personal services.

Section B - Supplies or Services and Prices

SUPPLIES OR SERVICES AND PRICE

B-1. OPTION EXTENSION: In the event the Government exercises its rights to extend the BPA by up to six additional months pursuant to the clause at FAR **52.217-8**, Option to Extend Services, such extension will be considered to have been evaluated, as its price shall be at the rates specified for the period that is being extended. The ordering period shall be extended at the prices established for the preceding period.

B-2. Administrative Sub Line Item Numbers (SLINs) may be unilaterally created by the Ordering PCO during performance to accommodate the multiple types of funds that may be used, which necessitate separate contractor tracking, billing visibility and reporting.

B-3. The proposed pricing shall reflect pricing and discounting or mark up that is as good as, or less than or greater than that offered to the general public or under contracts for similar services.

B-4. The cost of meeting all security requirements shall be incorporated into the offered price. The cost of disposal of systems and drives used to store data shall be factored into the price of the service delivery. Maintenance of FedRAMP and DoD PA are considered to be a cost of doing business and shall not be billed directly to orders under this BPA.

B-5. The Quoter's commercial pricing, procedures, and discounting/mark up practices, which serve as the basis of the awarded BPA, are incorporated by reference into the BPA. This pricing will be used for internal Government Use in pricing customer services consumed by the Government and for establishing customer specific funding SLINS.

B-6. Commercial pricing reductions may be extended over the contracted term as appropriate to ensure rates remain fair and reasonable.

B-7. Over the period of performance, labor rates may not be increased above those established in the quote. Discount percentages for cloud services may not decrease (or mark up percentages may not increase) unless revised by a written modification issued by the PCO in accordance with the terms set forth herein.

B-8. Services performed on a "Lot" basis under this PWS shall be payable for actual services consumed using the commercial pricing contracted for the respective CLIN/SLIN.

B-9. Pricing Arrangement.

Services in performance of PWS para 3.1 shall be accomplished via the Commercial Cloud Service Provider's (CCSP) commercial rates plus or minus the Adjustment provided in Section B "Services and Pricing," (Attachment 5). These cloud services are subject to GSA SIN 132-40 and shall not be performed via direct labor hours subject to SIN 132-51. No administrative fee/markup other than the Adjustment in "Section B" shall be applied to the price of these cloud services. The CCSP's publically available (online) calculator will constitute the commercial price list for these services. The Government shall be entitled to this pricing as adjusted or ALL pricing under PWS 3.1 inclusive of both "On-Demand" and "Pre-Paid" options described in G-6.

Services in performance of PWS para 3.2 shall be accomplished via the hourly rates specified in "Section B" (Attachment 5) and are not subject to upward adjustment. These Professional Services are subject to GSA SIN 132-51.

Services in performance of PWS para 3.3 may be accomplished via a combination of Cloud Services (SIN 132-40) and Professional Services (132-51). The Contractor and CCSP's commercial price lists serve as the Not-to-Exceed for unit prices described in this section.

B-10 Task Order CLIN Structure. It is expected that task orders will follow the following CLIN Structure:

Section G - Contract Administration Data

CONTRACT ADMINISTRATION DATA**G-1. CONTRACTING OFFICER'S REPRESENTATIVE (COR)**

(a) The Contracting Officer will appoint a **Task Order** specific Contracting Officer's Representative(s) (COR) for this BPA:

(b) It is emphasized that only the Contracting Officer has the authority to modify the terms of the BPA or any orders issued under it, therefore, in no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the BPA between the Contractor and any other person be effective or binding on the Government. When/If, in the opinion of the Contractor, an effort outside the existing scope of the contract is requested, the Contractor shall promptly notify the PCO in writing. No action shall be taken by the Contractor unless the Procuring Contracting Officer (PCO) has issued a contractual change.

G-2. PAYMENT OF FIRM FIXED PRICE CLINs: Payment will be made in arrears for acceptable services delivered under individual task orders once acceptance has been completed. However, see also G-6 which permits up front billing for services deemed to be supplies.

G-3. FUNDING: Performance in excess of the amount funded shall be at the contractor's risk.

G-4. INVOICING AND PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

There shall be a lapse of no more than thirty (30) calendar days between the end of performance/billing cycle and submission of an interim payment invoice. At a minimum, the billing cycle shall not exceed 30 days. The Contractor shall segregate and accumulate price for the performance of orders under this BPA by the appropriate CLIN and Accounting Classification Reference Number (ACRN). The Contractor's invoice shall identify the appropriate Contract and Order numbers. For the work performed, invoiced the price shall be associated to the Contract Line Item Number (CLIN), the Contract Subline Item (SLIN), and the specific ACRN. The price by CLIN shall be detailed by the month being billed, by labor category, incurred to date, and remaining on each CLIN. Costs of performance shall be segregated, accumulated, and invoiced to the appropriate ACRN categories to the extent possible. When such segregation of costs by ACRN is not possible for invoices submitted with CLINS/SLINS with more than one ACRN, an allocation ratio shall be established in the same ratio as the obligations cited in the accounting data so that the price is allocated on a proportional basis. Invoices submitted to the paying office that do not comply with this requirement will be returned to the contractor for resubmission. The paying office will disburse funds in strict compliance with the amounts invoiced by CLIN/SLIN/ACRN.

G-5. INVOICING

Invoices shall be consolidated for the prime and for all the subcontractors for all work conducted in the prior period, and shall reflect the same period of performance for the invoice submitted in WAWF. The invoiced prices for the preceding period being billed shall be those services reflected in the Financial Management Report CDRL A008 delivery/deliveries covering the same billing period.

Payment no more frequently than monthly shall be made for services delivered that conform with the terms of the contract, however, shall not exceed the amount funded by the applicable CLIN or SLIN and assigned ACRN(s) denoted for the work contracted. Partial Payment is authorized for C/SLINS structured as "1 lot" and payable on the basis of actual services consumed during the billing cycle. Actual services consumed by the customer shall be detailed in the invoice supporting documentation according to the terms contracted, and will be verified by the COR as part of the acceptance process. These payments are considered "delivery/invoice payments" for Prompt Payment purposes in accordance with FAR part 32.001. Payment shall only be rendered upon completion of the work and acceptance by the COR.

G-6. RESERVE INSTANCES AND OTHER PRE-PAID OPTIONS

If a CCSP provides a service that is determined by the Government to qualify as a supply item (i.e. an Exception to the Prohibition on the Advance Payment of Services) payment shall be made at the time the service is provisioned to the customer and not contingent on actual use as described in G-5.

Services that currently meet this definition are:

<u>CCSP</u>	<u>Product/Service</u>
<u>Amazon</u>	<u>AWS Reserved Instances</u>
<u>*</u>	<u>*</u>
<u>*</u>	<u>*</u>

***Additional product/services from additional CCSPs may be added at the discretion of the Government.**

The frequency and type of CPARS reports (initial, intermediate, final, out-of-cycle, and addendum) shall be as required in the CPARS Policy Guide that is available at: <https://www.cpars.gov/cparsfiles/pdfs/CPARS-Guidance.pdf>.

(b) For orders placed against contracts and agreements the contractor's performance shall be assessed on an order-by-order basis [] or total contract/agreement basis [**X**].

H-9. On-Ramping. If additional CCSPs are determined to a) be within scope of this BPA, b) meet the applicable security and technical requirements, and c) required for use on an individual task order, the Government may add them as participating CCSPs via bi-lateral modification to this BPA. The Government reserves the right to determine the acceptability of the CCSP's pricing, commercial terms, and compliance with applicable requirements in a like manner as those established for Microsoft Azure and Amazon's AWS under the basic BPA.

H-10. Service Level Agreements (SLA). The CCSP's Service Level Agreements that apply to this BPA are may be found at the following links:

- AWS:
 - o <https://aws.amazon.com/ec2/sla/>

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [____] Are, [____] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [____] Have, [____] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) [____] Are, [____] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [____] Have, [____] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

L.1. SUBMISSION OF QUOTES

Vendors competing for the BPA described in this Request for Quotes (RFQ) must submit a quote in accordance with the instructions provided below.

Quotes shall be prepared and submitted in two volumes, as follows, and in accordance with the requirements below:

Volume I – QuoteVolume II – Price Information

Each volume must be separate and contain sufficient information to permit a detailed evaluation. Data previously submitted, if any, will not be used in the evaluation of your response to this RFQ. **Do not submit any information that is not specifically requested by this solicitation.**

VOLUME I. QUOTE**a) Contract Forms:**

- (i) If desired, you may include a quote cover letter, not to exceed two pages in length, in Volume I. It is not intended that the cover letter be an executive summary, rather it may include summary information, such as points of contact.
- (ii) Standard Form 18, “Solicitation/Contract/Order for Commercial Items” with blocks 13, 14, 15, & 16 completed by the quoter. All quotes submitted in response to this solicitation are deemed to be valid for a period of 90 calendar days from the solicitation due date and time.
- (iii) Acknowledgement and Signature of RFQ Amendments, if any amendments are released.

Please do not submit a quote that takes exception to any term or condition of this RFQ or imposes any additional condition or omits any required information. You may be deemed non-responsive and made ineligible for award.

b) RFQ Section K,

- (i) “Representations, Certifications and Other Statements of Offerors,” completed by the vendor. Completion of annual representations and certifications via SAM is a requirement of solicitation provision 52.213-3, but it is not a sufficient response to Section K of the solicitation. All representations and certifications included in Section K must be completed. If any teaming partners are asserting data rights, those assertions should be included with the data assertions submitted by the prime vendor.

(c) Technical Acceptability Checklist

Prepare and submit the Acceptability Checklist (RFQ Attachment 3).

Item #12 of this checklist includes a requirement for no more than two Reference Information Sheets (Attachment 4), which must be submitted with the quote. For each reference cited, prepare and submit one Reference Information Sheet in accordance with the instructions contained therein. Part 15 of the Reference Information Sheet requires vendors to provide a summary description of contract work, not to exceed one single-sided page in length, for each cited reference. In completing these summary descriptions, vendors must explain the adequacy of each cited reference with respect to one or more of the following sections of this RFQ's PWS paragraphs 3.1, 3.2, and 3.3. In evaluating your experience in each PWS section, the Government will consider only the text designated in Part 15 of the Reference Information Sheet for that particular PWS section. The dollar value of these efforts shall be no less than \$500,000. Either prime or teaming partner experience may be submitted but at least one reference MUST be from the prime. Work performed must have been at least two years in duration and performed since 1 January 2012. In Block 5 of each Reference Information Sheet, the vendor must state the start date of only the work referenced, rather than the period of performance start date for the referenced contract.

The Government is not bound by a vendor's opinion of the adequacy of its organizational experience.

VOLUME II – PRICE/COST INFORMATION

- (a) Submit a "Section B, "Supplies or Services and Prices" (RFQ Attachment 5) In preparing your quote, it is required that you fill out all required fields for each year of the BPA.
- (b) Quoters shall fill out all yellow fields in the spreadsheet (RFQ Attachment 5). The column titled "Contractor's GSA Labor Category" shall be populated with the name of the Contractor's labor category that most closely corresponds to the category provided in column B. Column C ("Labor Effort") provides additional context to the expected role/tasking of each of these categories. Apply any offered discounts to your GSA labor rates in column G titled "Discount % Applied to GSA Labor Rate." The "BPA Labor Rate" column will automatically populate along with the "Amount" column. The "*" means these columns or sections will be removed at time of award. Quotes shall not change the information in any column not highlighted in yellow. NOTE: The expected labor-hour mix presented by the Government are for evaluation purposes only.
- (c) The Government estimates that 5 million "units" of cloud services will be consumed over the base year; 10 million "units" in option year 1, and 15 million "units" in option year 2. For the purpose of this evaluation, each of these quantities is estimated to be split equally between the two initial CCSPs: Amazon and Microsoft. For the purpose of establishing standardized pricing under the BPA, a cloud unit equals \$1.00 at the CCSP's List Price. This List Price is defined as those prices found in each CCSPs' respective publically available (online) calculators as described in clause B-9. Services in performance of PWS para 3.1 shall be accomplished via the Commercial Cloud Service Provider's commercial rates plus or minus the Adjustment quoted in "Section B, "Supplies or Services and Prices" (RFQ Attachment 5). These cloud services are subject to GSA SIN 132-40 and shall not be performed via direct labor hours subject to SIN 132-51. No administrative fee/markup other than the Adjustment quoted in this attachment shall be applied to the price of cloud services.

Section M - Evaluation Factors for Award

SECTION M - EVALUATION FACTORS**M.1 Evaluation Criteria and Basis for Award**

- (a) The evaluation of quotes will be in accordance with Federal Acquisition Regulation (FAR) Subpart 8.405-3(b)(2)(viii) and will be awarded to the vendor offering the best value. Best value is defined as the vendor whose quote is Technically Acceptable with the requirements in solicitation and has the lowest price. Quotes will be evaluated for acceptability but not ranked using non-price criteria.
- (b) Requests for Clarification (RFCs) may be issued; however, the Government intends to make a selection based on information submitted. Exchanges may occur only if the Contracting Officer determines it is necessary. The Contracting Officer reserves the right to open a dialogue and to permit vendors to revise their quotes if it is in the Government's interests to do so.
- (c) Quotes will be rated using a three-step methodology:

In Step One, Acceptability of Quote, the vendor's quote will be evaluated to determine responsiveness including compliance with the terms and conditions specified in the solicitation. Technical acceptability will be evaluated on an acceptable/non-acceptable basis. The acceptability determination will be made by an evaluator independently reviewing each quote's compliance with the requirements of the RFQ and all 12 items in the Acceptability Checklist. Only those quotes determined to be acceptable will be provided to the pricing team for further evaluation.

NOTE on Checklist Item #12: Adequate experience is the same or similar work where vendor or teaming partner successfully performed the key requirements in the Performance Work Statement (para 3.1, 3.2, and 3.3) and the Government has a reasonable expectation that the vendor will successfully perform the required effort. In evaluating your experience in each PWS section, the Government will consider only the text designated in Part 15 of the Reference Information Sheet for that particular PWS section. The acceptability rating is based on the quoter's collective demonstration of adequacy across both submitted references.

In Step Two, Price Analysis, quotes will be evaluated to determine the lowest evaluated price.

The Government's estimated hours for each labor category as well as the estimated volume of Cloud Services is provided in "Section B, "Supplies or Services and Prices" (RFQ Attachment 5). A total price based on those quantities will be calculated for all quotes. Quotes will be compared to the GSA labor prices to ensure that they are the same as or lower than GSA "list" prices. Quotes must include all items to be considered responsive. Items requiring clarification will be noted. The Quoters will be asked to quote labor categories and rates (to include cloud consumption) that are currently on their GSA Schedule/teaming partner(s) Schedule where applicable. Quotes must map all labor categories provided to their own in order to be considered responsive. If the quote is determined nonresponsive then, it will not be considered further in the price analysis.

The overall lowest evaluated price will be determined by multiplying the unit prices of each of the quotes by the estimated quantities across all years of the award (to include all ordering periods). FAR Clause 52.217-8 will also be considered in making the award decision. For evaluation purposes, the Government will calculate 50% of the price of the final year (i.e. option year 2), which will be used to determine the total price associated with FAR 52.217-8, Option to Extend Services.

In Step Three, Award, the BPA award will be made to the technically acceptable quote with the lowest evaluated price.
